

## Guideline INEOS Paraform

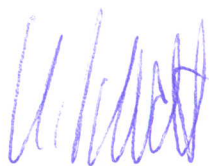

We obligate ourselves to achieve the high quality demands of our customers and want to increase their satisfaction, through continuous improvement.

Every single person in our firm assists the manufacture of quality through committed participation.

We strive after outstanding attainment with health protection, security and environmental protection.

We act in consistency with the legal rules and regulations of the industry.

We are looking for an open and competent dialogue internally as well as externally and thereby advocate our picture as a trustworthy partner.
